

Rod Campbell

I am pleased to introduce myself as a governor here at the School, I am now in my seventh year as a governor firstly as an LEA governor but now as a co-opted governor, I am also chair of the Finance and Personnel committee.

I have lived and worked in the local area for the last twenty years and recently retired from running my own health and social care consultancy.

I originally trained as a social worker and progressed to managing social care services in the local authority, voluntary and private sector settings.

I have a particular interest in ensuring effective management of the resources of the School, so contributing to the very best quality of education at the School.
